

# Control4® Controller Selection Guide | Core Controllers (CORE) and Automation Controllers (CA)

## CA-1

Single-core CPU

Ethernet

Built-in Wi-Fi

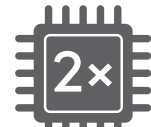

Ideal Mesh controller w/ PoE

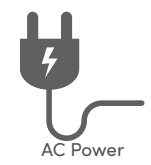

Serial control x1 (RJ-45)

## CORE lite

Dual-core CPU

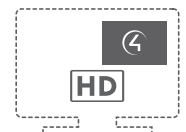

Ethernet

Wi-Fi w/ adapter

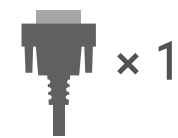

Mesh controller

On-screen interface (ideal for behind TV)

Audio streams

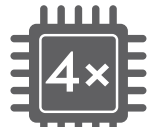

Serial control

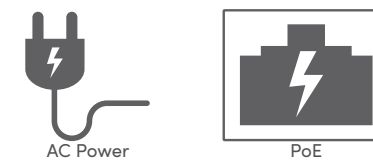

IR control

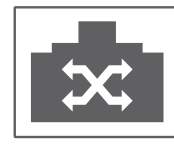

## CORE 1

Quad-core CPU

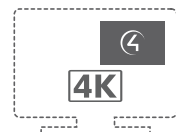

Ethernet

Wi-Fi w/ adapter

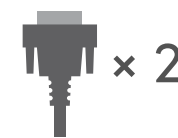

Mesh controller

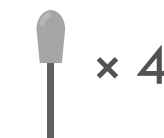

On-screen interface (ideal for behind TV)

Audio streams

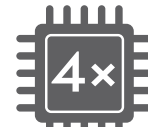

Serial control

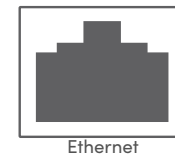

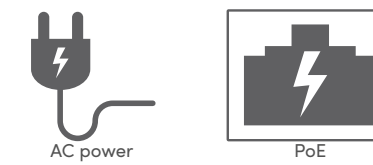

IR control

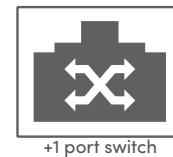

## CORE 3

Quad-core CPU

Ethernet

+1 port switch

Wi-Fi w/ adapter

Mesh controller

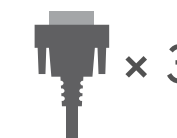

Built-in Z-Wave

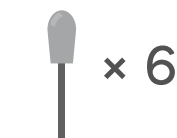

On-screen interface

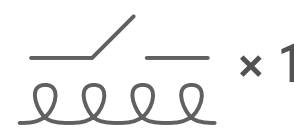

Audio streams

Serial control

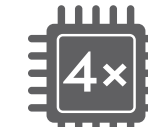

IR control

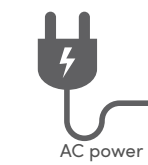

Contacts and relays

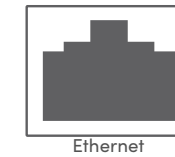

## CORE 5

Quad-core CPU

AC power

Ethernet

Wi-Fi w/ adapter

Mesh controller

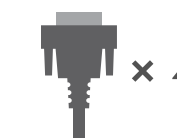

Built-in Z-Wave

On-screen interface

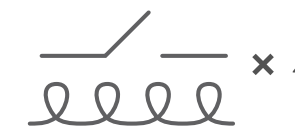

Audio streams

Serial control

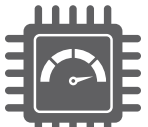

IR control

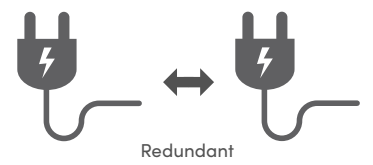

Contacts and relays

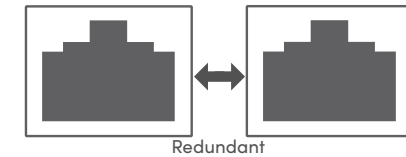

## CA-10

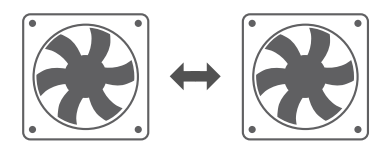

Most powerful controller

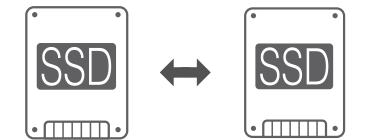

Redundant AC power supplies

Redundant Ethernet ports

Redundant cooling fans

Redundant SSD drives
